

## WARRANTY

1. Probuild Technologies PVC fence products are manufactured with the highest quality UV protection with non-chalking DuPont TiO<sub>2</sub> (titanium dioxide) and ultraviolet inhibitors with 100% virgin vinyl throughout and are guaranteed to be lead free as per ASTM standard for years of maintenance-free performance.
2. Probuild Technologies warrants that the vinyl fence products will not peel, rot, blister, rust, flake, chip, crack, corrode or be consumed by termites.
3. Probuild Technologies further warrants that their PVC products, using approved methods of fabrication, are free from manufacturing defects in materials for Thirty (30) Years to the original owner(s) of the property on which the products were originally installed, when subjected to normal and proper use. If any part or portion of the fence product fails to perform as a result of manufacturing defects, Probuild Technologies warrants that they will replace the defective materials or refund the purchase price of only the defective materials.
4. Probuild Technologies does not warrant against failure or damage to such products resulting from installation by other persons or companies, handling and storage on site, settlement of the surface or structure on which the products are installed, failure of the structure (including foundations and walls), accidental damage or negligence, intentional acts of damage, fire, wind, flood, lightning, storms and tempests or other acts of God, misuse, abuse, improper or failure to provide reasonable and necessary care of the product, exposure to harmful chemicals, vapours or acid rain, surface discoloration due to atmospheric pollution or bore water. Fair wear and tear.
5. Whilst PVC rural fencing is considered safe for animals under normal conditions Probuild Technologies will not warrant any damage caused by animals chewing on the fence components nor will Probuild Technologies warrant any damage caused by animals kicking, charging or placing excess force on the fence components.
6. Probuild Technologies shall not be responsible for any injury to animals or other third parties or property as a result of section 5 above.
7. Probuild Technologies will not warrant any fencing that has been modified in any way or used in any way that it is not intended to be used, such as but not limited to: the product being used to retain any ground or garden beds or used to support other structures.
8. Probuild Technologies warrants its workmanship for installation for a period of Twelve (12) Months from the date of completion of installation with exclusions as per section 4 above plus Probuild Technologies will not warrant any installation works, either complete or partial, carried out by the other parties paid direct by the client including any works carried out by the client themselves.
9. All Warranty claims must be made in writing to Probuild Technologies and accompanied with a copy of the original proof of purchase by the original property owner.
